RESOLUTION:

To have the Dept. of Natural Resources come out with a Senior Citizens Patron License.

Presently the DNR has a regular Patron License and also a Junior Patron License.

The regular Patron License is \$165. And the Junior License is \$75.

Most Senior Citizens (65 yrs. Of age & older) are on a fixed income.

Presently Senior Citizens get a reduced cost on Fishing License & Small Game License, but must buy the individual license to receive the reduced rate.

Senior citizens have in most cases supported all the different wildlife programs all their lives through buying licenses & other contributions.

Now that they are retired and on fixed income they would rather buy one license that they can afford and not individual ones to get the discount.

A Senior Citizens patron License at a reasonable cost would make it both economical & convenient.

Thank you,
